Dear Mr Weisberg:

After talking to you by telephone the evening of Jan. 13, 67 I went through my tapes until about 1:30 A.M.

I did have a recap of the press conference with Oswald but it did not have his comments that you were looking for. It was recorded from CBS TV about Nov 25, 1963 as a recap of the past few days. It ended I am sure before Oswald was removed from the microphones because I remember in the actual conference a mass of confusion and everyone talking when he was taken away.

Attached is a transcript from my tape giving questions and answers. I am sorry I do not have a second recorder to make you an actual reproduction.

Sincerely
J Ed Westcott
